2. The facts supporting this belief are as follows:

On 10/29/2026 I contacted Witness 1 via phone in reference to fraudulent activity at Tower Loan, 520 Ellis Boulevard, Unit J, Jefferson City, MO. Witness 1 identified himself as the district supervisor of Tower Loan.

Witness 1 advised a male subject, later identified as the defendant, provided false documents and identification to successfully obtain $6000 from Tower Loan in Joplin, MO. Witness 1 stated the same subject used a different forged identification card to attempt to obtain $6000 from Tower Loan in Jefferson City. The photograph was the same for both identification cards, despite the different names and addresses.

Witness 2 identified himself as the manager of Tower Loan Jefferson City. Witnesses 1 and 2 provided copies of the two forged identification cards (made to look like Missouri driver licenses), as well as forged pay stubs and bank statements, which were provided via email by the defendant.

At approximately 1451 hours, the defendant went to Tower Loan (Jefferson City) to attempt to obtain $6000. I contacted and detained the defendant at that time. The defendant initially provided false information as to his identity. Under advisement of his Miranda Warning, the defendant admitted to utilizing false identifying information.

The defendant provided the forged identification card. The defendant admitted to sending the email of the forged pay stubs and bank statement, and admitted the bank listed on the documents did not exist.

The defendant advised he was working with two other individuals, committing similar offenses
